

CHAPTER 7 Report Preparers

This EIR was prepared by PBS&J, under contract to the City of Huntington Beach. Assisting PBS&J in this task was one subconsultant (Austin-Foust Associates, Inc.—Traffic Engineering), the City of Huntington Beach staff members, and public service providers. The following persons were directly involved in the preparation of this EIR.

It is recognized that no one individual can be an expert in all of the environmental analysis presented in this EIR. Consequently, an interdisciplinary team, consisting of technicians and experts in various issue areas, was required to prepare and complete this study. Table 7-1 (List of EIR Preparers) provides a list of EIR preparers.
